

STATEMENT OF PURPOSE

RS23247

In this bill, the Bureau of Occupational Licenses is clarifying the license renewal process and requirements for personal, facility, and entity licenses for those licensing Boards that the Bureau serves. The bill also clarifies the process and requirements related to the reinstatement of licenses that have been canceled based upon a failure to renew.

FISCAL NOTE

There is no impact to the General Fund. Since the bill eliminates certain fees previously required for reinstatement, raising the reinstatement fee from \$25 to \$35 should be revenue neutral to the Bureau's dedicated fund.
